

Large Candy Bar Wrappers - Our Best Bites

Dashing from the malls, with groceries yet to buy,
Workshops, kids & housekeeping, life's so crazy! Why?
Bells on our telephone ring, the machine will take the call,
we have no time for family or friends, it drives us up the wall!
How are you? How's your life? We really want to know.
Hope you're ready for Christmas, now maybe it will snow.

A day or two ago, we thought we'd make a treat,
For all of our special friends...a Christmas gift to eat!
Our intentions were top notch, but our schedules would not budge,
Hence here's this year's version of homemade fudge!
